Well, they're not there now. It's okay, if they were largely affirmation I'm guessing Tom deleted them as he worked on the deck; I just wanted to check because only I get the notifications. I think we're good unless I hear otherwise from Tom!

Odd. My comments were pretty minor and most were affirming slide content. Do you want to teams desktop share now and we can close them out?

Kris, I noticed a bunch of comments from you last night that I'm not seeing in the draft—maybe they've already been addressed, Tom?
